HUERTA ARMS TURNED BACK

GERMAN STEAMERS CARRYING WAR MUNITIONS WILL NOT ATTEMPT TO LAND

DELEGATES ENROUTE

Mexico's Representatives Leave for *Niagra Falls Where Conference* Opens May 18

By Associated Press

Washington, Ma, 9.—The opening of the Mexican conference at Niagara Falls on the scheduled date, May 18 was assured today when word was received of the departure of the Mexican delegates from Mexico City for the conference.

Preparations for dispatching of reinforcements to General Funston at Vera Cruz should such a movement become necessary, went forward today. Work on twelve transports to carry troops and supplies were pushed, but no warlike developments occurred. The military is plainly kept in leash to avoid embarrassing the mediation negotiations.

A threatening cloud appeared from the diplomatic horizon when the German steamer Krontrinzessin Cecilie reported to be carrying arms and ammunition for Huerta, returned to Vera Cruz without embarking her war stores at Puerto, Mexicro, and it was announced that the ammunition on this and a second steamer, the Bavaria would be returned to Germany. The possibility of either a seizure or a blockade of Puerto, Mexico or of an act perhaps interpretable as a violation of the military status quo, in favor of Huerta, thereby was eliminated.

AMERICAN DELEGATES NOT NAMED.

No announcement regarding the American delegates was made today but Justice Lamar of the supreme court and Frederick W. Lehman, former solicitor general, mentioned as possible delegates, conferred with President Wilson. It was thought the delegates would be named not latrer than Monday. Secretaries Bryan and Garrison conferred with the president today, but declined to discuss military or diplomatic developments. Secretary Daniels was on the presidential yacht Mayflower which with the funeral ship Montana, is steaming to New York.

The South American mediators, it is understood, see nothing on the horizon to check the beginning of formal proceedings May 18. Huerta's delegates are expected to come to Washington from Key West or Galveston and arrive here about the middle of next week. The possibility that they may be tendered passage on American warships from Vera Cruz was mentioned. The three South American mediators probably will leave Washington for Niagara Falls next Saturday. The three envoys held their customary sessions today and also called on Secretary Bryan.

Among the suggestions sent to the mediators for the solution of the Mexican tangle is a printed pamphlet from a prominent Mexican reviewing the entire situation and proposing the convocation of a Congress for peace.

War Department Active.

The war department today completed its preparations for army movements, including the reinforcement of General Funston at Vera Cruz should necessity arise. Twelve transports were arranged for and men were working day and night to convert the chartered merchant-men at thre points of embarkation to accommodate soldiers, horses, guns and supplies.

Orders to the Fifth and Sixth brigades at Texas City, the remainder of the second division, to be ready to reinforce Gen. Funston were given, but Secretary Garrison said no orders had yet been issued for their dispatch. He declared no aggressive measures were contemplated.

A brief war scare at Tacoma, Wash., where a troop of cavalry of the State National Guard was ordered out presumably for war service, faded that the mobilization was independent of any orders from Washington and was being carried out merely as a test of efficiency. At the navy department, the monitor, Ozark, was ordered to Tampico. A report today from Admiral Badger is regarded as confirmatory in some degree of news that had reached the state department several days ago, that the American oil men were in danger of losing their property in Mexico because of the suspension of oil production. If it can be shown that the leasers are being prevented from operating their wells through no fault of their own, the state department will see that in the final settlement they are fully protected. It is known the British government is already accumulating a formidable list of claims of this kind.

Bryan Pleased With News.

Secretary Bryan evidently was gratified at the news he received today from Consul Rogers at Havana

500 ARMS ALL CLASSES GIVEN UP

ARMY OFFICERS GIVE ONE MORE CHANCE FOR VOLUNTARY SURRENDER OF FIREARMS

RESPONSE IS DISAPPOINTING

Newspapers Charge Coal Company has Hidden its Machine Guns and Ammunition

By Associated Press

Trinidad, Colo., May 9.—Five hundred arms of all classes have been surrendered to the United States army officers here today as the direct result of the proclamation issued yesterday by Col. Lockett. The proclamation called on all persons to surrender all fire arms. Coroner Sipe delivered many guns which he had been holding as evidence and so did the United States commissioner and the police department.

Strikers in the Trinidad district tonight surrendered 72 arms to the army officers. The latter said they were disappointed at the manner in which Col. Lockett's proclamation was obeyed. They declared the strikers, mine operators and citizens had one more chance to surrender arms voluntarily. The depositories will be kept open tomorrow for this purpose.

All told, there were 725 guns received by officers here today. Dealers in arms and ammunition contributed largely and citizens surrendered many hunting guns and small caliber arms. Few weapons which the army officers considered serviceable were surrendered. The newspapers published the charge that the Colorado Fuel & Iron Company had hidden its machine guns and a wagon load of arms and ammunition. The editors of the paper were reprimanded for publishing the rumor that the military authorities consider without foundation. No official report was made tonight of the number of guns taken from mine property. This is a question which strikers were asking everywhere. They insisted that at least 500 guns were in the possession of the mine owners and declared that the surrender of any less number would be a breach of faith on the operators' part.

PRIVATE PARKS RIDES INTO MEXICAN LINES

American Orderly Believed Insane Reported to Have Been Executed by Mexicans

By Associated Press

Washington, May 9.—General Funston today, from Vera Cruz, confirmed unofficial reports that Private Parks supposed to be insane had been captured by Mexican federals into whose lines he rode with two horses belonging to Lieut. Col. Elmore S. Taggart, whom he serves as orderly. General Funston did not report that Parks had been executed but mentioned the execution of an unidentified American civilian. The Parks incident was summarized in the statement by Secretary Garrison.

"General Funston reported that on May 6 Private Samuel Parks, belonging to the regimental detachment of the 28th Infantry, apparently went insane. He took two horses, the private property of Lieut. Col. Taggart of the 28th Infantry and rode into the Mexican lines. It has been reported to General Funston that the horses were seen in possession of Mexican troops. There is also a rumor that an unknown American civilian in the Mexican lines was executed two days ago. Parks' fate is not known. Mexican troops were last heard of in the neighborhood of Tejeita, where the tracks of the Mexican National Railway have been torn up."

Even if the reported execution by General Maas' men of Private Parks proves true, army officials were inclined not to regard one such incident as an act to precipiate a clash. General Funston deems it inadvisable to open formal commuation with General Maas and is therefore leaving the call of Private Parks to Washington.

AMERICAN ENGINEERS HELD BY MEXICANS.

By Associated Press.

Vera Cruz, May 9.—Seven Americans arrived here today from Mexico City. They reported the situation quiet in the capitol. They told of a Mexican lieutenant who came aboard the train near Orizaba and boasted that an American syp who had entered the Mexican lines with two horses, had been shot. It was inferred that he had reference to Orderly Parks who has been missing since Wednesday. Mexican officers searched the train for Americans, but did not interfere with those from the capitol who included K. M. Van Zandt, banker, formerly of Fort Worth. When the officers found two or three railroad engineers among the refugees they declared the engineers would be too valuable to the Americans and took the moff the train.

RIGHTS OF CHURCH MOOTED QUESTION

SOUTHERN METHODIST CONFERENCE TAKES UP QUESTION OF VANDERBILT CASE

DEEP INTEREST AROUSED

Re-incorporation of All Boards and Conference Itself May Be Next Step

By Associated Press

Oklahoma City, May 9.—Not within recent years has Methodism been called upon to face a more perplexing problem than that which confronts her now, known as the Vanderbilt University case brought upon it by an adverse decision of the supreme court of Tennessee in a suit instituted to determain its rightful ownership and control, and no question has excited more wide-spread interest, especially within the bounds of Southern Methodism, which extends from Baltimore to Mexico and from the Atlantic to the Pacific coast.

When the general conference met in this city for its seventeenth quadrennial session, the Vanderbilt case was the center of interest and at noon today when adjournment was taken until Monday, the interest had not abated, on the contrary it has been intensified. This was due to the introduction of a resolution by Dr. E. B. Chappell and Dr T. B. Ellis, calling for a commission to investigate and determine the rights of the church, its boards and hospitals and to determine their rights to hold property under the laws of the States in which they are incorporated. This is the initial step to reincorporate all the boards of the church and the general conference itself, if necessary, to guarantee it in its property rights. The resolution is broad in its scope as it provides that if the charters now operative are insufficient, this commission shall have authority to go into any state in the union to reincorporate, whose laws will guarantee such corporate bodies in their property rights.

The bishop appointed a committee under the resolution so that it might begin work at once and make a report before the session of the conference adjourns. In the meantime, the committee of fifteen to which all memorials are referred is actively at work.

COMMISSIONS ISSUED TO HARRELL AND KEEBLE

By Associated Press

Austin, Texas, May 9.—Commissions were issued today by the secretary of state to David Harrell of Austin and James Keeble of Elgin, two new members of the board of regents of the University, whose appointments were announced by the governor last night.

TEXAS T. P. A. ELECTS OFFICERS AND ADJOURNS.

By Associated Press.

Beaumont, Texas, May 9.—George W. Baker of Dallas, was elected president by a unanimous vote and Sherman was selected as the next meeting place, at the closing session of the twenty-fifth annual convention, Texas Division, Travelers Protective Association today. Other officers were H. B. Holt, San Antonio, first vice president; C. K. Zell, Waco, second vice president; L. Wilson of this city, third vice president, Fred M. Palmer, Dallas, secretary.

AGENTS RECOMMENDED RETURN OF MUNITIONS

By Associated Press

Washington, May 9.—On receipt of information from American Consul Rogers at Havana that munitions consigned to Gen. Huerta on German ships will be returned to Germany as a result of action "recommended by agents of the vessels," Secretary Bryan today announced that apprehension concerning shipment of arms had been averted.

FARMERS UNION DELEGATES BOAT RIDE AT GALVESTON

By Associated Press.

Galveston, Texas, May 9.—Several hundred members of the Farmers Union of Texas spent today inspecting the cotton facilities of this port. A boat ride in the harbor and a swim in the surf completed the entertainment. They also held an executive session at which they gave further consideration to cotton warehousing plans.

CONVINCED OF ERROR WILL VOTE FOR REPEAL

BLACKS CROWED OUT THE WHITE DELEGATES

Breach Betwsen Officials of Southern Sociological Congress Resulted

By Associated Press

Memphis, Tenn., May 9.—A breach between officials of the Southern Sociological Congress and the local committee on the arrangements on the question of seating negroes on the convention floor resulted late today in a decision for holding the closing session of the congress tonigh at the First Methodist Church instead of the theatre where previous sessions had been held. According to members of the local committee, the convention officials have agreed that if negro delegates were permitted to use a section of the floor, only delegates would be allowed to occupy the seats. They claim this arrangement was disregarded, negroes generally were admitted and on Friday night when the charities and corrections delegates met with them, scores of white delegates were unable to obtain seats. The sudden action of the Congress heads in changing the meeting place came on the heels of a resolution adopted by a local committee today and submitted to the Congress in which it was urged that in future sessions the first floor of the theatre be reserved for white people. The action does not apply to the National Conference on Charities and Corrections at whose sessions the colored delegates occupy the gallery.

Here's A Fish Story-St. Clair Says It's True

A fishing party at Lake Wichita Friday night landed a catfish weighing 27 pounds. The same party also hooked another catfish weighing 14 pounds and a drum weighing 11 pounds. The fish were caught in shallow water on the south shore almost opposite the pavilion.

100 REFUGEES REACH MAZATLAN, MEXICO

By Associated Press

Mazatlan, Mexico, via San Diego, May 9.—One hundred refugees including American Consul Edwards, left here today on the British steamor Cipriano which brought them from Manzanillo. While the Cipriano was at the dock in Manzanillo, the refugees said, Mexican federals fired at the pier and then resorted to dynamite to make the destruction more certain. Some of the last refugees to reach the vessel made their way to safety only at imminent risks. The vessel was swinging into the stream when shots were fired from shore. No one was hit. The arrival of the cruiser Raleigh put an end to the firing and to the depredations of the Mexicans along the water front.

Upon information from the sheriff at Quanah Constable Frank Burns took into custody a man here yesterday whom he says answers the description of a man who broke jail at Quanah Thursday night. The Hardeman county sheriff is expected to arrive on the early morning train to take the man back to Quanah if he is the one wanted.

FALL OF MAZATLAN IS BELIEVED IMMINENT

City Officials Have Embarked Ready To Sail For Salina Cruz When City Falls

By Associated Press

On Board Warship California, Mazatlan, Mexico, May 9.—Via San Diego, Cal., May 9.—The fall of Mazatlan seems to be imminent. The city officials embarked last night on the federal gunboat Guerrero and the steamer Llamantour, both of which are ready to sail for Salina Cruz.

The American brig Geneva was captured on the high seas April 26 by the Mexican transport Korrigan according to information received today. At the demand of Captain Magruder of the United States cruiser Raleigh, the brig was released.

The federals have abandoned the gunboat Morelos. A wild shot from the Guerrero today passed through a street of the city, creating a panic. The townspeople are in terror, hundreds fleeing after three days battle. It is reported that C. B. Helley, an American and G. H. Williams, an Englishman, were killed and two other Americans, Walter Neal and Patrick Baird were wounded near Elsavor mine near Hostatipquillo.

OLD ROSEBUD WINS THE KENTUCKY DERBY

For First Time in 26 Years and Fourth Time in History Gelding is Winner

By Associated Press

Louisville, Ky., May 9.—For the first time in twenty-six years and the fourth time in forty years history of the turf classic, the Kentucky derby was won by a gelding when Old Rosebud, owned by H. C. Applegate & Company of Louisville and ridden by J. McCabe, raced under the wire in the event at Churchill Downs track this afternoon, a victory by eight lengths. Hodge, by Kay Spence of Missouri, was second and Bronze Wing, owned by A. F. Humphrey Jr., of Louisville, was third.

Old Rosebud was a four to five favorite. Not only did Old Rosebud, the son of Uncle and Ivory Bells win the derby, but he also established a new track and derby record for a mile and a quarter, making the distance in 2:02 2-5 over a track not considered fast. The former derby and track record of 2.04 4-5 was made by Donerald, last year's derby winner.

BREAKFAST FOOD MAN KILLS HIMSELF

C. W. POST, MILLIONAIRE MANUFACTURER SHOOTS HIMSELF AT WINTER HOME

SHOT HEARD; BODY FOUND

Post Had Been Very Nervous Since Return After Major Operation In Minnesota

By Associated Press.

Santa Barbara, Cal., May 9.—Charles W. Post, the millionaire manufacturer of Battle Creek, Mich., shot and killed himself this morning. Mr. Post was stricken here several months ago and hurried to Rochester, Minn., for an operation. He returned here only recently apparently recovered.

Post had concealed a rifle at his winter home here. Evading a nurse who had been attending him since his return a few weeks ago, he went to his apartments, placed the muzzle of the rifle in his mouth and pulled the trigger with his toe. He was convalescent from the illness which necessitated a major operation. Since returning here he had seemed to be exceedingly nervous and Mrs. Post engaged nurses to attend him. He arose at his usual hour this morning breakfasted and lounged about until 10 o'clock when he excused himself telling the nurse on duty at the time that he wished to go to his apartment to lie down. What happened then is a matter of conjecture. A shot was heard. Mrs. Post and a nurse rushed to the apartment upstairs and found the millionaire stretched on the floor dead.

Both Mrs. Post and the nurse said they did not know how Mr. Post secured the rifle. Its presence in the room was taken by them to indicate that he had planned his death some time in advance.

POST WAS FOUNDER OF HEALTH FOOD INDUSTRY.

By Associated Press.

Battle Creek, Mich., May 9.—C. W. Post was one of the founders of the so-called health food industry. His business interests for the manufacturing of breakfast food represented millions of dollars. He was born in Springfield, Ill., in 1854. He was in the hardware and other lines of business there until 1884 when his health broke down. He traveled extensively in search of treatment and arrived here in 1891. His search for health resulted, it is said, in his discovery of his health foods and after he had regained his strength he turned all his attention to that line of work. Employing thousands of workmen, he was active in civic affairs. In 1908 he was president of the National Citizens Alliance Association.

For several years he attracted wide attention by his attacks on labor being an ardent supporter of the open shop.

ONCE RAN GROCERY STORE IN FORT WORTH

By Associated Press.

Fort Worth, Texas, May 9.—The father and mother and a brother of C. W. Post reside in Fort Worth. His recent illness and trip by special train to Rochester, Minn., was kept from his mother because of advanced years and feeble condition. The parents are very old. Post was heavily interested in Fort Worth bank stock and property. He lived here for a time before his success at Battle Creek and at one time was proprietor of a grocery store.

CONSUL SILLIMAN IS REPORTED SAFE AND WELL

By Associated Press

Washington, May 9.—American Vice Consul Silliman reported imprisoned by Mexican federals at Saltillo, is safe and well, according to assurances made to the French legation in Mexico City by the Mexican war minister, transmitted to the state department here today. The information was conveyed to Secretary Bryan by Ambassador Jusserand of France. Jusserand said General Huerta's minister of war informed the charge in Mexico City that the American consulate was guarded by federal forces and neither Mr. Silliman or other Americans were under arrest.

AETNA'S FIRE AGAIN FLOWS

EARTHQUAKE AND VOLCANIC ERUPTION DESTROYS VILLAGES

AT LEAST 100 DEAD

Property Loss Said to be Greater than in Messina Disaster In 1908

By Associated Press

Cantania, Sicily, May 9.—Earthquakes and volcanic eruption followed by fire destroyed many villages on the slopes of Mount Etna last night. The disaster caused the death of at least 100 persons. The number of injured officially was placed at 135 and the wounded 283. Refugees declare that the property loss is greater than in the Messina disaster of 1908.

Railroad tracks were torn up, churches razed, houses shaken to ruin and telephone poles overturned over a radius of several miles around Cantania. Terror stricken people rushed from villages into Cantania before daybreak today, bringing stories of ruin and disaster. Their reports caused the authorities to take immediate steps to start measures of relief. The army, the navy and the civil authorities received orders from Rome to render mutual aid in the work of rescue. The aid of the Red Cross was quickly enlisted. Interruption of rails and telegraph made it impossible to obtain any accurate details as to the loss of life.

A great catastrophe was prevented by the fact that the final severe shock of the earthquake was preceded by sixty others and many of the population had abandoned their homes and fled into the open country.

Soldiers Risked Lives

A thousand tents were distributed today among the homeless villagers. Several thousand more have been requested from the military authorities. The soldiers and others engaged in rescue work risked their lives on many occasions in the search for those buried beneath the ruins. Portions of undermined wells and shaky roofs fell on them at every turn. Many of the people, led by priests, formed processions and marched along, crying aloud. Numbers of women appeared almost insane from terror.

Prisoners in the jails mutinied and tried to escape but wardens succeeded in restoring order. At many points along the railway the tracks were ripped up by the shock.

Whole Villages Destroyed

At Zaffertana, every house was destroyed. Enormous damage was caused at Santa Venerina, roofs fell in and walls collapsed in the hamlets of Santa Maria, Ammalita, Carrica, Guardia, Mangano, Santa Tecla and Donigardo. The village of Santa Maria Virgine Capena was razed. The great gravity of the disaster was not realized until this morning when reports came in from the surrounding country. Linzentul was transformed into heaps of ruins.

SPANISH AMBASSADOR APPEALS FOR MARTINEZ

Gov. Colquitt Announces He Will Not Set Aside Verdict of Death For Youth

By Associated Press

Austin, Texas, May 9.—An appeal to save the life of Leon Cardenas Martinez, the young Mexican sentenced to hang Monday at Pecos for the murder of Miss Emma Brown, was made today to Gov. Colquitt by the Spanish ambassador at Washington, Juan Riano. The ambassador wired:

"As representative of Mexican interests at Washington and from motives of humanity and sympathy, I appeal to your excellency with the utmost earnestness in behalf of Martinez with the heartfelt hope that the tender age of this poor boy will incline you to leniency and mercy and to grant the commutation of the awful sentence passed upon him."

The governor answered that he would not further interfere in the case. The governor said:

"His case has been pending in the courts nearly three years and I do not believe the evidence justifies the governor in setting aside the verdict of the court."

RIANO APPEALS TO SECRETARY OF STATE BRYAN ALSO

By Associated Press

Washington, May 9.—Spanish Ambassador Riano today called on Secretary Bryan in behalf of the Mexican citizen Leon Martinez, under sentence of death in Texas. The ambassador asked for clemency because of Martinez' youth.

MORE OIL OPERATIONS AROUND MILLER WELL

$100,000 Company Being Organized For Prospecting in Archer County District

A $100,000 oil company to operate in Archer county at the scene of the operations of two years ago is in process of organization at the present time and will be chartered within a few days. J. M. Bland of this city, J. C. Bland and S. J. A. Benson with a number of Johnson county capitalists, are interested in the concern.

This company will succeed one which took over the original Miller well and a number of leases adjacent thereto, after the surrender of the same by the Corsicana Petroleum Company. The Miller well is still making about five barrels daily. The well and leaseholds become the property of the new company at a valuation of $20,000.

The belief has prevailed for some time that the complete story of Archer county oil had not yet been written and the new company will probably cause a renewal of activities down there. It is planned to put down several wells.

Let us plan together for each other's benefit. We know how. Dr. DuVal, the Progressive Eye, Ear, Nose and Throat Specialist. 9 1te

WILL ASK PYTHIANS TO MEET HERE IN 1915

Local Knights Leave Today for Temple Bearing Invitation to K. P. Grand Lodge

The Grand Lodge of the Knights of Pythias at its annual meeting at Temple this week will be invited to hold its 1915 session in Wichita Falls, and in event that the invitation is not accepted for 1915 it will be extended for 1916. Dr. J. W. DuVal, chancellor commander of Pioneer Lodge and official representative to the Grand Lodge has been authorized to extend the invitation and A. G. Dentherage and Harry Daugherty will attend the meeting in the interest of Wichita Falls. They will carry a supply of badges and literature leaving for Temple today.

One thousand or more delegates are expected to attend the Grand Lodge meeting. These delegates are representative citizens from all sections of the State and it is believed much good would result if they could be brought to Wichita Falls. This city has gotten into the race a little late but it is believed if the Garnd Lodge cannot be brought here next year it can surely be brought here on the year following.

INTEREST IN CONTEST IN FACTORY DISTRICT

To the Civic League:

"Children of the Sam Houston school entered in the tin can contest, including children in the factory district and between this district and Floral Heights.

"Clarence Felton, Eula Mefford, Roy and Exa Turner, Jessie and Grace Donaldson, Leo Weakley, Beulah McCurley, Frank Dixon.

"There are some more children but on account of the rain I am unable to obtain their names.

"I wish to thank the ladies of the Civic League for including our children in their contest as the people out here feel that no one cares for them that we are neither town nor country. Respectfully yours,

"PHOEBE J. MILBURN."

The Civic League publishes the foregoing letter as it feels that the interest shown by the people in the factory district is worthy of mention. The organization of a Civic League in the factory district has been contemplated for some time and when possible a committee which has been appointed for that purpose will form an organization.

LIEPOLD NINE WINS FROM BLACK CATS

The second of the Twilight League season resulted in victory for the Liepold nine, by a score of five to one. The victors hit the ball hard, while Filgo's offerings were not touched up by the Black Cats to any extent.

On Tuesday the Liepold nine will meet the Irish Lads and this promises to be a contest worth while. The teams appear to be evenly matched and a close game is anticipated.

A back stop and some seats are to be constructed at the park early this week, to afford better accommodations for the spectators.

Our Mutual Girl meets Blanche Ring

No girl ever had a greater variety of experience than that busiest of all young people in New York,

OUR MUTUAL GIRL

in the eleventh issue of this incomparable picture series Margaret who has been to see

Blanche Ring in "When Claudia smiles"

at the Lyric Theatre, becomes so enthusiastic about this musical hit that she pleads with her aunt for permission to go on the stage herself. Of course her aunt refuses, much to the disappointment of

OUR MUTUAL GIRL

who determined to have her own way at any cost starts out to find a position. She applies to a well known manager with such success that she is actually rehearsing with a ballet when her aunt finds her. Then she has to go back home and is put to bed.

Remember that none of these things would have happened if Margaret hadn't had the good fortune to be introduced to

BLANCHE RING

who is shown on the screen in TWO OF THE BEST SCENES OF HER PRODUCTION. SPRING TIME IS HERE and that part of the eleventh reel which is not devoted to Margaret's experience trying to "go on the stage" shows this young devotee of fashion at one of the most famous Fifth Avenue Millinery shops. She has a number of hats sent to her aunt's house and tries them all on, which is shown distinctly and in the utmost detail. These hats are certainly enough to thrill with joy every woman and girl in America.

As usual OUR MUTUAL GIRL finds famous people, views famous sights and does so many other interesting things that this picture will grasp and hold the attention of the most elusive spectator from the opening to the closing scenes. Every week OUR MUTUAL GIRL'S following is perceptibly increased and her new admirers find her just as interesting as do those who have seen every picture from the beginning. If you have not seen the preceding chapters by all means start this Wednesday. DON'T LET ANYTHING PREVENT. Each picture is complete in itself

SUFFS MARCH TO THE CAPITOL

SEVERAL THOUSAND WOMEN FROM ALL SECTIONS OF COUNTRY IN PARADE

10 BANDS AND GREAT CHORUS

Parade Ends at Capitol Building Where Women Lay Seige to Congressmen

By Associated Press

Washington May 9.—With banners flying, ten bands playing and the women singing a marching song, several thousand suffragists from various sections of the country today paraded along Pennsylvania avenue from Lafayette Square to the Capitol. There 531 of them, representing every State in the Union, and assigned one to each senator and representative, presented to the members of Congress petitions asking the passage of the Bristow Mondell resolution calling for a federal constitutional amendment entranchising women.

Immense crowds viewed the procession along the route. When the Capitol was reached the bands were massed on the plaza before the East front, where they played the "March of the Women" composed by Dr Ethel Smyth of England, accompanying a chorus of 1000 women, wearing robes of white, with green stoles and fillets of green on their heads.

Parade Follows Mass Meeting.

The parade followed a mass meeting in a downtown theatre presided over by Mrs William Kent, wife of Representative Kent of California, and at which stirring addresses were made by Miss Caroline Lexow, field secretary of the Women's Political Union of New York; Mrs Donald Hooker of Baltimore and Miss Lucy Burns of Brooklyn, vice chairman of the Congressional Union for Woman Suffrage, under the auspices of which the demonstration was held. Among those occupying boxes at the meeting were, Mrs. O. H. Belmont of New York; Mrs. Florence Bayard Hilles of Wilmington, Del., daughter of President Cleveland's secretary of State; Miss Julia Lathrop, chief of the Federal Children's Bureau, Mrs Harriet Stanton Blatch, of New York, daughter of the late Elizabeth Cady Stanton, one of the pioneer leaders in the suffrage movement

Novel Features of Parade.

There were many novel features in the parade and the marching women were cheered loudly by the throngs that lined Pennsylvania avenue all the way from Lafayette Square, opposite the White House to the Capitol. First and foremost was borne aloft a banner, twenty feet wide, bearing the inscription: "We demand the passage of the Bristow Mondell resolution." Then came the first section the pageant division, typifying Spring, Youth and Hope, which had been arranged under the direction of Mrs. Eliphalet Andrews, a well known artist. Thousands of garlands of flowers were carried by the young women and children, the shades of the blossoms having been selected with an eye to harmonizing with the Union's colors, purple, white and gold.

1000 Voices in Chorus.

In this division also marched the chorus of 1000 led by Mrs. Apolline M. Blair president of the Rubinstein Club of this city. Attractive as was this part of the parade, it did not evoke any more enthusiasm or interest from the onlookers than the cavalry section which came next and was commanded by Mrs. Juliet Barrett Rublee of Washington, who also was the mounted grand marshal of the procession.

In advance of the cavalry contingent were seven color bearers on horseback, each carrying a purple, white and gold flag. At their head rode Miss Elsie Hill, daughter of former Representative Hill of the State of Connecticut. Among the prominent cavalrywomen were Mrs. Denver Church, Mrs. Charles Forrest Curry, Miss Mary Morgan, Miss Alberta Hill, and Miss Elizabeth Kent.

Writers and Actresses.

Mrs. George Odell was chairman of the foot marshals of the political division, which was next in line and which was subdivided into various sections. The sections that created the most interest were those of the women writers and the actresses. The former was organized by Mrs. Marie Manning Gasch of Washington, and among those who trudged with her were: Mrs. Zona Gale of Wisconsin; Edna Kenton, Helen Reimer Martin, Mrs. Fairbanks Timmons, daughter of former Vice President Fairbanks.

An interesting feature was a large delegation of women voters from the ten states where members of the fair sex now are allowed to cast the ballot. Walking at the head of this contingent was Dr Cora Smith King, of Seattle, Wash., treasurer of the National Council of Women Voters. Bringing up the rear of the parade were hundreds of women under the banners of separate states.

The words of the song, "The March of the Women," which was sung by the paraders and which had been heard in this country only once before, are

"Shout, shout up with your song,
Cry with the wind, for the dawn is breaking;
March, march, swing you along,
Wide blows our banner and hope is waking.
Song with its story, dreams with their glory,
Lo, they call and glad is their word.
Louder and louder it swells
Thunder and freedom, the voice of the Lord.

"Long, long—we in the past
Cowered in dread from the light of heaven.
Strong, strong—stand we at last,
Fearless in faith and with sight new-given,
Strength with its beauty, life with its duty,
(Hear the voice, oh hear and obey).
These, these—beckon us on;
Open your eyes to the blaze of day.

"Comrades—ye who have dared
First in the battle to strive and sorrow;
Scorned, spurned—nought have ye cared,
Raising your eyes to a wider morrow.
Ways that are weary, days that are dreary,
Toil and pain by faith ye have borne;
Hail, hail—victors ye stand,
Wearing the wreath that the brave have worn."

SCOVILLE HERE FOR SOUL WINNING

EVANGELIST AND PARTY ARRIVES AND HE SPEAKS BEFORE LARGE AUDIENCE

EXPECTS GREAT MEETING

Will Preach This Morning and Tonight and Address Men and Boys in Afternoon

Belated by washouts in Kansas Dr Charles Reign Scoville and others of the party of evangelists arrived here Saturday afternoon and Saturday night Dr Scoville conducted his first service in the meetings now in progress here He was greeted by an audience that filled the auditorium at the First Christian Church

At the outset Dr Scoville recalled other revival meetings he had conducted in Texas naming among other places Dallas, Houston and Beaumont He recalled also a meeting he had conducted at Springfield, Mo when Rev Walters was pastor there and in which there were 1261 converts He told of the marvelous success in soul winning in the meetings at Hutchinson Kansas in which there were 4 109 converts He expressed a hope for great success in the meetings here declaring that cities which were great in commercial enterprise such as Wichita Falls ought also be great religiously He asked all of those in the audience born outside the State to stand up and three fourths arose to their feet Dr Scoville said this fact accounted in great measure for the get there spirit of the city He declared that Wichita Falls and other of the newer cities had drawn from the older communities their most virile blood, those coming here being those with the most ambition and get there spirit they were citizens of backbone and not wishbones as evidenced in the fact that they had struck out to a new country for themselves

Dr Scoville declared that the Bible was not the story of a religion that is dead but of a religion of today, that God existed today as much as He ever did That was the reason he was here Such a religion and God were permanently needed by a progressive people he said

Others arriving with Dr Scoville included Mrs Arlene Scoville wife of the evangelist and soloist and pianist Mrs Scoville is a graduate of the Chicago Conservatory of Music and of several other leading musical schools of the country Last night he sang Would You Care If Some Soul You Had Met Day By Day Had Never Been Told About Jesus"

C F Marty musical director and Mrs Marty personal worker together with Rev Walter H Sind and wife make up the other members of the party

Five Hundred in the Sunday School is the slogan for the First Christian Church where the revival meetings are being held this morning Last Sunday over 400 were out and it is believed the 500 mark will be reached today

Dr Scoville will speak at 10 45 on the subject The Revival that Revives At 3 p m Dr Scoville will address a meeting of men and boys on God and Your Mother He had not announced his subject for the evening service last night

Work will start within sixty days on the new building of the First National Bank at the southwest corner of Eighth and Indiana this was decided Friday at a meeting of the stockholders and officers of the institution

Final plans for the structure will be adopted shortly The building will be at least five stories in height but no definite decision as to the architecture has been reached

The tenants of the buildings at Eighth and Indiana were given notice to move several weeks ago and as soon as possible the work of raising the one story structures will begin

FEVERED ACTIVITY IN GETTING READY TRANSPORTS

Ships Being Prepared at Galveston For Moving Large Number of Men To Mexico

By Associated Press

Galveston Texas May 9 The conversion of chartered steamships into army transports and supply carriers moved rapidly forward at the army pier here today and the quartermasters department is under orders to be prepared to move troops in large numbers and vast quantities of supplies to Vera Cruz Information here is that 50 000 troops may be sent to Mexico City at any time

Army officers expect to make a record in converting the freight steamer Colorado into a floating stable to carry horses to Mexico The Colorado was unloaded last night and within thirty minutes was swung alongside the army pier The last line had hardly been made fast when an army officer with a blue print of the Colorado stepped aboard Five minutes later carpenters swarmed over the freighter and started building horse stalls The newly chartered steamer Denver was unloading freight today and was turned over to the government tonight The San Marcos with her ten passengers still aboard and in quarantine was brought up from quarantine station during the night The temporary horse stalls on the San Marcos will be removed and standers will be installed converting the vessel into a troop ship capable of carrying 1 000 men

ED HOWARD, Mgr.

A sample of oats, grown on the farm of C. A. Andree, five miles north of the city, was brought to the Times office yesterday and as we're any judge of such matters Mr. Andre is going to be in the class of the famed Mr. Carter . n he harvests his crop. Most of the c rops in this section of state were looking so fine about Christmas that it s though they would be ready to harvest by the middle of February, but the late freeze caught them, and the oat crops that were a little backward are about the only ones that will be any good this year.

In writing about the visit of the National Editors to Wichita Falls on last Sunday, the Hall County Herald, co y State Senator W. A. John- s the following to say:

Wichita Falls is a wonder for a west Texas city. They have shown the possibilities of a city of push During the past few years they have accomplished wonders by their energy. Four new lines of railroad have been built out of there by them. Glass factories, potteries, Ball Brothers' jar factories, automobile factories and many other kinds of plants have been established.

BOUNTEOUS BREAD

Just think of it! One wheat farm alone in the Wichita Falls country will require at least 12,000 pounds of binder twine in the harvesting of the 6,000 acres of wheat on it this year. This wheat will yield, at a low estimate, an average of at least fifteen bushels per acre, or 90,000 bushels, and if it sells for what it is or will be worth, it ought to bring at least $90,000. A whole lot of wheat, and a whole lot of money.—Wichita Falls Times.

The report comes from all the wheat country of the Southwest, of which Oklahoma is an important part, that the wheat crop is growing to a heavy yield of grain This is good news, and we hope it will soon be reflected in the price of biscuits.—State Press in Dallas News.

Naturally enough, we're opposed to raising the price of second-class mail matter from one cent to two cents per pound It would work a hardship not only on the general reading public, but on the publishers of periodicals and newspapers The only way they would have of meeting the expense would be to either raise the subscription price to offset the increase in postal rates, or else cut down the size of their publications. That would mean less weight, less blank paper and less labor. For instance, should a great newspaper like the Dallas News which generally issues from sixteen to twenty-four pages week days, and from fifty to sixty on Sundays, cut off about one fourth the number of pages, it would result in the laying off of several pressmen As now, one cent per pound as a charge for second-class mail matter seems high enough, and the postal department of the government is more than self-sustaining. That being true, then why raise rates on second class mail?

Kentucky lawmaker is clamoring for a one house legislature. Move to amend by making it "a bat house" Batty men are elected to the lawmaking departments of state. Why call it "a house of representatives?" Bat house would come nearer covering all the ground.—Fort Worth Record.

The Record is perhaps a little too severe in the above, but the matter of selecting our law-makers should receive closer attention at the hands of the people. Successful business men should supplant the professional office seeker and professional politicians in our law-making body. By this we do not mean to exclude the successful or practical farmer. In fact, a farmer who can farm correctly is a business man and there is no question but that if Texas, which is largely an agricultural state, would take to sending to the legislature a few more practical farmers the state would have better and sounder laws. But if the farmers suffer from the bad laws, they themselves are to blame, largely. It is in their power to elect the representatives, and the excuse they make that they can't afford to neglect their business to go to Austin is rather a poor excuse. They can afford to elect one of their own number to represent them in the legislature, and if necessary carry on his farm work for him during his absence at no cost to their representative while attending to official duties at Austin, rather than put up with a man who they feel sure is thorwith men who they feel sure are thorin a lawmaking body.

In the Baylor County Banner, Seymour, of this wek, Dr. Brooks of the Baylor University virtually makes the announcement that he will be a candidate to succeed Senator Chas. A. Culberson. This announcement is made in response to a leter written to Dr Brooks by Mr. Harrison, editor of the Banner. Congressman R. L. Henry, of Waco, has announced that he will also be a candidate for the U. S. Senatorship to succeed Culberson. In the meantime Senator Culberson has not yet said that he will or will not be a candidate for re-election. Until he does this more than half the Democrats of Texas will not be apt to commit themselves to either Dr. Brooks or Congressman Henry. Culberson has proven himself an able and faithful representative of the people of Texas, and the Democrats of Texas are not going to desert him just for the sake of honoring one of her other able men. In other words, if Culberson wants re-election, all he will have to do is to make it known. The fact that he is in bad health should not act against him.

It is said there are 200,000 tenant farmers in Texas, and the statement may be true. We should be glad if each one of these owned his farm. But in the cities and towns of Texas there are probably fully 200,000 families who do not own the homes they occupy They are tenants, and the rental they pay for the houses they occupy is in cash. We do not hear any loud expressions of sympathy for these town tenants, though they are as much a part of the body politic as the renters of farms. We wish every family in town and city owned its home. That will be the case in time, but the time is in the future.—Waco Tribune.

We have a candidate for governor who is the champion of the tenant farmer, but so far he has said nothing for the tenants in the cities and towns. They need relief, but their case is as hopeless as that of the tenant farmer. The laws of Texas as well as that of most states are against the poor man. For instance, if a man buys a farm for $5000; pays down $1000 and gives a mortgage for the balance, he not only pays interest on the deferred payments, but is required to pay the taxes on the farm. The man who owns the notes is also required to render them for taxation. That makes it a double tax, but notes and mortgage holders, in nine cases out of ten, never render them for taxation. The poor devil who is paying out his home or farm can't escape. He must pay the tax and the property stands good for it. Were the vendor lein notes rendered for taxation, as is required by law, the tax burden of the fellow who has a mortgage staring him in the face day and night would be made lighter. The holders of land notes have a way of evading the law. How they manage it we do not know. But they do it just the same. They are tax-dodgers. At least, most of them are. It is a safe proposition to make that not more than ten per cent of all the land notes are ever rendered for taxation. If there are those who doubt this statement, and who want to inform themselves, let them go into the county clerk's office and find out just the amount of land notes or mortgages that are placed on record in that office, and then, without being forced to leave the court house, let them step into the county assessor's office and ascertain just how many dollars worth of land notes have been rendered for taxation. The proof of our statement is there, and it can't be successfully contradicted. Instead of all this nonsense about regulating farm rentals, why don't one of the candidates for governor, or both of them, as far that matter, advocate a law that will make it a penal offense to dodge taxes. If that was the law, and it were enforced as strictly as other laws, it would give some relief not only to the tenant farmers, but also to the man who is renting the home that shelters his family. It would encourage him to become the owners of his home by beinh assured that the man from whom he purchased would be compelled to pay a part of the tax so long as he held a note against his home. The way it now is, 90 per cent of the fellows who are endeavoring to own their homes or farms are paying all the tax, in addition to the interest on the deferred payments. The candidates for office, however, put on the soft pedal when it comes to the point of making laws that will make dodging of taxes a penal offense. They would rather devote their time to promising relief that is almost as impossible to bring about by their methods as it is to regulate the weather, or cause it to rain or cease raining just when rain is needed or not needed.

NEW CONNECTION TO THE HENRIETTA ROAD

Better Outlet is Now Ready for Travel —Avoids Labrynth of Turns and Tracks

A new outlet from the city connecting with the Henrietta road was completed yesterday by the county road gang. Commissioner Jackson has had the county road force working on this piece of road for some time and his announcement yesterday that it was ready for traffic was hailed with joy by persons who have occasion to travel that road.

Heretofore it has been necessary to wind through and over a labrynth of turns and tracks, being confusing and dangerous. Directions for getting out over the new road are as follows:

Go to the end of Ohio Avenue and cross tracks, go one block and turn to right passing the Farmers Union gin to the end of the street; turn left and go to Holliday Creek bridge on the Windthorst road; from this bridge follow new road straight ahead to the railroad water tank where you get into the old Henrietta road.

This route is just two blocks longer than the old route and is reported to be far superior.

THE LIGHT O' MOTHER LOVE.

May 10, 1914

In the heart of each flower this morning,
Each flower of unblemished white,
Lies a thought for the day's adorning,
A thought of the heart's white light.

Each of our hearts is an altar where
The candles of love do burn;
And they're lighted there by faith and prayer,
And are knelt by each in turn.

Our first communion is there before
That earth love, second to none,
The love that waits by life's mystic door,
And endures 'til life is done.

'Twas God's own hand that did light its flame,
And only the Christ love may
Surpass the strength of the mother's name—
The name which we honor today.

The clear, brilliant blue of friendship's blaze
Shines brightly many a year,
But at last it dies before our gaze,
And we weep beside its bier.

There's the crimson flame of passion great,
Which burns from a taper tall,
It is soon consumed by its own mad rate,
And is buried 'neath shroud and pall.

The tiniest, daintiest flame of all
That glows from the altar rail,
Is lighted by a hand so traill and small
Yet as strong as armored mail.

And, oh, how we love those candles pink,
With their fires of rosy hue,
And how they make us stop and think—
But they are passing too.

Then we kneel beside the yellow blaze
Which the god of Mammon lights;
It, too, burns out, for its fevered haze
Is cankered and full of blights.

Friendship and passion and childhood too,
Each light up our hearts in turn,
And we would their altar fires renew
When they flicker and cease to burn.

But they like, the tarnished power of greed,
Lie dead on the altar where
One light alone responds to our need
The white light of mother's care.

How true that all other loves grow less,
Or fail us when trouble nears,
While the mother's great unselfishness
Shines steadily through the years.

It never grows dim as time goes by,
But, rather, its radiant flame
Grows warmer, brighter, while up on High
The angels bless mother's name.

HUERTA ARMS TURNED BACKED

(Continued from Page 1)

of the action of the German Steamship Company in directing the return of its ships without unloading their war munitions for Huerta at Puerto, Mexico. Inquiry failed to develop the reasons which actuated the steamship company, but it is assumed that the cargo was taken at the shipper's risk and with a distinct understanding that it would not be landed if the company would thereby be embarrassed in its relations with the United States government.

It was learned that these arms and ammunition, like the cargo on the Ypyranga, turned back from Vera Cruz, originally was shipped from New York or some other eastern port. Reassuring information concerning the safety of Vice Consul John R. Silliman, reported arrested by Huerta commanders at Saltillo or San Luis Potosi, were received.

The state department received through the French legation in Mexico City a communication from General Blanquet, Huerta's war minister that the American consulate at Saltillo was regarded by federal troops as safe and that neither Mr Silliman nor others was under arrest. The movement of reugees continued.

Sir Lionel Carden, the British representative in Mexico City again strongly urged British subjects to leave to the coast Admiral Howard reported that Mazatlan on the Pacific coast had not surrendered to reports printed here, but that fighting continued. He also reported that Huerta had ordered the lights in the lighthouses on the Pacific coasts extinguished to embarass navigation and that American telegrams and mails to and from Mexican Pacific ports could not be transmitted.

Representative Dies, in the House today, advocated the disarming of the "ignorant murderers" of Mexico and placing in their hands the "implements of husbandry." He prophesied that if President Wilson ever closed down his "square jaws" on the Mexican situation "it will have to thunder many times before he lets go."

GEM REOPENS WITH MANY IMPROVEMENTS.

The Gem Theatre which was closed most of the week to make some changes, reopened yesterday with a good program The theatre now occupies the entire building, the rooming house upstairs going out of business to provide better ventilation and also to permit the construction of a gallery where smoking will be permitted. The gallery is not yet open, as the seats have not been installed. Additional openings at the rear provide plenty of fresh air in the theatre and insure comfort for the warm weather patrons of this popular playhouse

WILL RUN STREET CAR WITHOUT USING TROLLEY

Inventors of Primary Cell Apparatus Will Demonstrate Invention This Morning

A test of electricity, generated by chemicals, will be made in Wichita Falls tomorrow morning at ten o'clock when John McGivney and Julius J. Krohn patentees of a primary cell for generating electricity in this manner will run a street car over the tracks downtown without the use of a trolley or any external apparatus.

The electricity by which the street car is to be propelled will be generated on the car with the invention of the two men named and they claim will be sufficient to propel the car the same as if the trolley were getting power from the overhead wires. The invention is said to be a remarkable one and if it comes up to the expectations will doubtless be of great commercial value.

The test will be made at 10 o'clock from the corner of Tenth and Indiana.

Perfect Crops for North Texas

Recent rains in North Texas have insured the largest wheat crops we have harvested in years. Wheat is headed and in full bloom. With what moisture we have we would have a large small grain crop should it not rain again before wheat is cut. Crop conditions will demand a large amount of machinery for harvesting and threshing purposes. The Rumly Products Co. of Dallas, Texas, is preparing to meet the emergency by shipping 45 cars of Rumely maghinery in one train to their distributing house at Dallas, having just received one train of 40 cars last week consisting of Rumely Oil pulls, Rumely gas pulls, Advance, Gaar-Scott, and Rumely Threshing machinery. A C. Lamb, their traveling representative located at 1003 Brook street, Wichita Falls, Texas, says he is selling more machinery than he ever sold in his eleven years experience in the threshing business. 9 1tc

Osteopathy

Parents should study their children as they develop. If one is not studious, suffers from eye strain, is nervous or betrays any vicious habits, it should be taken to an Osteopath that the exact cause may be discovered while it can be corrected. Always, not sometimes, there is a misplacement of tissue causing undue pressure upon some nerve ther by disturbing the equilibrium of the body. The Osteopath alone is qualified to locate and correct this. Dr. Farris, 205 K. & K. building. Phone 1487, residence 239. 9 3tc

SAYS FRIEDMANN CURE WORTHLESS

NEW YORK DOCTOR SAYS IT IS NEITHER PREVENTIVE NOR CURATIVE

18 PATIENTS WERE TREATED

None of These Shown To Have Been Benefited and Several Have Since Died

Washington May 7 Dr Friedmann's vaccine after a year of careful experimentation according to Dr George Mannheimer of New York has exhibited neither curative nor preventive powers and it cannot therefore be recommended Dr Mannheimer made this statement today at the sessions of the Clinical Section of the National Association for the Study and Prevention of Tuberculosis in annual convention here

In March 1913 said Dr Mannheimer 18 patients were treated under my supervision Of these 1 can be followed up and of that number three are dead The number of injections in these cases were one two and four respectively Of the remaining twelve patients ten received one and two received four injections Five of the ten patients who received one injection developed abscesses at the site of the injection and were therefore unsuitable for further injections according to the inventor The other five patients were not injected either because they did not see the improvement they had been led to expect or because they had become worse and had lost confidence in Friedmann As to their present condition five of them are now unchanged and five are worse than a year ago One patient who had four injections, feels well and presents signs of an arrested lung process but he has not gained in weight and has developed a new tuberculosis process in another part of the body The second patient with four injections has tuberculosis of the knee joint and is now decidedly worse than before The infiltrate of the fourth injection broke down and discharged pus

Where abscesses resulted at the site of the first injection the vaccine apparently produced no additional harmful effect The disease remained uninfluenced Friedmann neglected to present abscess formation although he claimed to know how To be very charitable one might infer from one single case that decided natural healing tendencies aided by common sense treatment will not be hindered by the remedy

In speaking on the subject The Subsequent History of Cases Discharged from Tuberculosis Sanitoria Dr Charles Bolduan of the New York department of health declared that tuberculosis sanitoria are useless and constant preaching of fresh air wasted unless we bend every effort to provide suitable remunerative fresh air employment for the tuberculosis especially for those discharged as arrested cases from sanitoria The same argument was made by the Rev Sidney Goldstein of New York who declared that unless arrested cases are followed up the work is rendered useless

Two methods by the use of which surgery has proven of service in the treatment of tuberculosis were reported upon by Dr Edward Archibald of Montreal While modern methods of climatological hygienic and dietetic treatment accomplish a great deal particularly in incipient tuberculosis said Dr Archibald there remain a large number of cases with more advanced disease for whom these methods avail little For a certain number of such patients especially those in whom one lung is the seat of serious ulcerative lesions while the other lung remains practically sound operative surgery will often prove of great service

CHILDREN'S STYLES GOING TO THE DICKENS

David Copperfield Suits and Other Dickens Novelties Popular In Children's Wear

(By Margaret Mason)

Said Willie Jones to Tommy Smith
My goodness gracious me
Our styles are simply going to
The Dickens don't you see

New York May 8—There's the very Dickens of a revolution in children's styles and Dickens novels The David Copperfield suits are the best in the field and are as practically comfortable and sensible for the small boy as they are quaint and artistic

The favorite combination of a white linen or cotton poplin waist with the ankle length trousers of a contrasting color fastening to it with large pearl buttons and collar and cuffs to match the trousers are charming In color schemes of delft blue leaf green pink tan and old rose with white A model that will bring joy is a laundry light blue however is in all dark brown cotton poplin relieved only by the big white pearl button and frills of thin white batiste at the neck and wrists Often the cuffs are fashioned of white cloth striped in the same color as the trousers

For more elaborate and dressy occasions come to the Copperfield suits evolved with waists of corded or chint silk and trousers of black satin and for the little Rollos and Percys who never never soil their pretty clothes are suit of pale blue satin or all white corded silk

The Paul Dombey suits are not unlike the middy blouse suits of last season in fact the waist is cut exactly like a middy sans the sailor collar They are best when developed in corded linen with the straight knee length trousers of the same although the two color scheme is employed in these suits also to suit ones taste

Dresses for the small lass called Little Dorrit frocks are exactly like the David Copperfield suits of her small brother except that in lieu of trousers they have a pleated skirt of colored cotton poplin that fastens with the quaint white pearl buttons high up on the little waist of white

The queer little tam o shanter shaped hats of straw with a visor and two dinky ribbons ends hanging down behind like David Copperfield and Paul Dombey affected are the correct things in the hat line for young hopefuls today Little inverted butterbowl shapes of straw are also good

It seems hardly fair that Dickens should be given all the credit for these charming styles for children when it is the inimitable illustrator of his works George Cruikshanks who pictured the Dickens children thus attired For that matter Kate Greenaway deserves quite as much credit for all of her dainty picture laddies were dressed this way Perhaps it is a safer thing to call the new child fashions character or period suits as a well known department store one of the first sponsors of the new styles is doing by way of solving the difficulty of bestowing credit where credit is due

Another cunning style has the straight knee length pants and a waist cut like a coat with a front of white pique to stimulate a little waistcoat This model is particularly satisfactory developed in chambray Even rompers have undergone a complete metamorphosis and in their newest state are little one piece suits, short kimono sleeves square low neck and ending in trunk length stright pants instead of the full bloomers of the rompers of yesterday Nothing cooler or more attractive and comfortable for the wee summer man could be imagined In striped and checked ginghams or chambrays banded in solid colors they are too cute for anything except just what they are made for—the partial covering of a pudgy boy

Cunning washable kid gloves for the kiddies is another innovation bound to bring joy not only to the small man and little woman but to their respected and long suffering parents who must hand out the price of these expensive infantile dress accessories Of white and chamois toned doeskin they are exactly like mother's washable gloves and can be popped into soapsuds black as small grubby hands can make em and come out again as immaculate as a brand new pair Hence a wash in time will save buying a new pair of gloves nine times out of ten

Merry May Merchandise and Modes

A visit to Our Ready-to-wear Department, Second Floor, will impress you with the fact that we have made this Department one of the big factors in our business

The day of the ultra-feminine gown has arrived once more Boyish, severe lines are banished and soft, clinging draperies will hold full sway. Classic outlines and classic drapings are the rule The captivatingly graceful and womanly dresses full of undulating, suple curves and folds are the rage

Bunchy draperies in skirts are being made by Drecoll, Worth, Doucet and Rouff of Paris They are also creating gowns with tunics that are gathered at the waist and made from soft materials that reveal the lines of the figure to advantage

Smart little coatees are to be much in evidence this season. But designed only for the extremely chic woman Teh bolero is recalled in some respects. They have long sleeves and the coatees are fashioned short waisted, giving a very peculiar and fetching effect which is most attractive.

Mantles are now being adopted by the smart Some of the prettiest are made of black satin and lined with Martine printed silks They are immensely comfortable, chic and becoming. For summer such garments are ideal

SLEEVELESS GOWNS QUITE THE THING

WHAT'S LOST AT ONE EXTREMITY, HOWEVER, IS MADE UP AT OTHER

PROTECTION PETTICOATS

Now Return To Enfold Ankles In Scant White Ruffles of Sheerest Organdy

(By Margaret Mason)

Fashion says your coat and frock
Must be sleeveless what a shock
This will be to Sarah Brown,
Quite the smartest girl in town,
For she's often I believe
Fond of laughing in her sleeve

New York May —Not only are evening gowns absolutely guiltless of even a hint of a sleeve but even the coats have the habit Most of the smartest lose wraps and capes and coats are sleeveless and slip their empty armholes over fair feminine arms with all the careles abandon of a perfectly good masculine waistcoat What is lost at one extremity however is now made up at the other for protection petticoats have returned again to the field or rather to enfold slender ankles in scant white ruffles or sheerest organdy or Paris muslin. They are so narrow and so thin that they neither add bulk to the ankle line nor hide any of it They quaintly resemble the old style pantalets as they peep out from under the short ruche edged taffeta shirts of the moments and are indeed a far cry from the petticoat of yore

Indeed in spite of the fact that they really are petticoats they are never designated as such by the designers and dressmakers but answer the name of underskirts or pantalet frills

Appropos of not calling a spade you must never make the shocking mistake of calling a separate waist a waist—mercy no, Clarissa its a blouse What ever is in a name in this case there isn't much in a blouse when it comes to material Just two layers of chiffon or a single thickness or rather thinness of bookmuslin hemstitched around the open throat line, down the front and around the plain three quarter slightly flaring sleeves makes up some of the choicest new models

For an ornate touch they rely on a fantastic girdle and gorgeously tinted, usually with vestee cuffs and collar of handkerchief linen promise great popularity for the summer

Always the belt or girdle plays a striking part in the effective ensemble of the house The favorite Roman stripes are shown in smart shirtings of both silk and madras for the more tailored blouses and these to be worn with the sport skirts and coats

Is made for the placket any way so anxious is it to return to its old home after a wandering life for the last two or three seasons and transitory settings in the front of the skirt at the side or on one hip

It is a sad blow to all 1914 Cinderellas that long pointed vamps are the rage in the slipper line It seems rather perverse that Americans should take up the long pointed slipper and shoe just when it has been cast aside by the smart Parisian for the dainty short vamps of the erstwhile American footwear Brought into even more prominence by the shortwaist skirts the up to date shod foot will prove exclusively that it is shoes rather than brains that make large understandings

It is no longer a question of "But-ton button who's got the button?" since every woman seems to have every button tacked on to every available space or cranny of some one or two of her summer costumes

Suggestions For The Trousseau

New York, May 9.—Preparations for that great event, the June wedding, are now in progress. The bride to be is busily superintending the making of the various gowns of her trousseau. For the all-important wedding dress, I suggest the model I have used for my first illustration, which expresses both dignity and grace, qualities which should be inherent in this gown of gowns. White taffeta is the material used, with handsome silk run lace for the vestee and rolling collar. The round length skirt has a charmingly modest and graceful bustle drapery, especially becoming to the youthful bride. Moire, charmeuse, satin meteor, and crepe de Chine are charming materials for such a dress. For the veil, white tulle is especially pretty, draped from a coronet of orange blossoms, as illustrated.

For the bridesmaid's gown there is no prettier fabric than daintily tinted organdy, plain or figured. The charming model I have chosen for my second illustration is of pale yellow organdy, with triple ruffles of fine meshed net bound with bias strips of organdy. The becoming hat worn with this dress is a dream of old time leghorn loveliness in an adorable flat shape, trimmed with the most exquisitely dainty flowers. Narrow black velvet ribbon streamers of "the once upon a time" are caught at one side, with one end forming a bridle.

For her trousseau, many materials and types of wraps and gowns are suitable.

One of the new materials which is most popular for summer wear is the lovely golfine, which comes in all sorts of beautiful colors and several qualities. It has all the smartness of corduroy without the weight and for sports clothes is much better than the easily mussed fabrics of former seasons.

A stunning suit for motoring or sports is made of the light weight golfine, with a straight skirt that has just a suspicion of drape from the hip line to the waist, and quite a marvelous jumper, that hovers between a coat and a sweater. This is either "walked into" after the present day manner of donning a skirt, or put on over the head. A square collar rolls back from the V shaped neck, which is quite low, giving the pretty line to show the dainty blouse underneath. A three inch loose belt at the waistline finishes this thoroughly cool, comfortable, yet striking outing costume.

Then the wonderful top coats, that are made of the heavier golfine, in all the bright shades of the season, are perfect, since one need not look warm and unhappy in a motor coat, for, although beautifully dressed, one can yet be fully protected. One lovely model has the long, loose back, with a broad belt across the back, the front being long and straight, with large revers. One side of the coat is buttoned high, so that a loose draped effect is obtained. A high double black velvet collar stands well away from the neck, giving an air of jauntiness to an already wonderful coat.

Beautiful ratine in bright colors and large sporty looking checks are among the summer suitings. Lovely straight, narrow skirts are made of these checks, which should be worn with a pretty blouse and one of the thin silk sweater coats. These are shown in the same colors as the ratine, and are eminently smart for the well put up woman who plans for a day's outing of any sort.

For the dressy summer afternoon frock, soft white crepes, with gorgeous colored figured borders, are distinctive, as are also the same crepes with the daintiest sort of colorings.

The blouses for the summer are indeed things of beauty—so dainty and cool. The organdies are perfect in all the smart shades of yellow, blue, pink, green and rose. Most of them are trimmed with white collar and cuffs, and often bows of darker ribbons at neck and sleeves. One very smart blouse is of yellow organdy with half inch stripes of French blue, outlined with a hairline of black. The trimming consists of a white collar and cuffs, and a bow of two inch black moire, taffeta ribbon at the point of the V-shaped neck.

Among the more desirable dressy blouses, one sees lovely white chiffon stamped with exquisitely colored flowers. These are trimmed at neck and sleeves with dainty shadow lace ruffles, and having just a line of black through the lace gives a smart touch.

Beneath these waists of sheerest materials are worn the daintiest of dainty corset covers. Some are shadow lace and some are dainty white batiste run with delicate pink or blue ribbons, while others have winsome Dolly Varden designs on a ground of white. All, however, should be glimpsed through the fabric of the waists in a misty manner.

Many styles of taffeta coats in all colors are to be used to throw over the dainty lace, chiffon crepe and lingerie gowns, but quite the newest and smartest thing yet shown for formal occasions is a kimono shaped, medium length coat of colored net, with wide flounces, which taper toward the front. Lovely narrow feather trimming circles the neck and tops the flounces on the sleeves.

Another lovely suit is of two toned green taffeta, with a copy of the same, gathered, not only on a band around the face, but at the crown forming a stunning sort of rosette, like a cock's comb, on the top of the head.

Among the summer lingerie the coolest of summer nighties are seen in beautiful washable silks. White, with tiny colored stripes and white, with pretty Dresden flowers, are to be preferred. These have the low neck and very short sleeves, finished with ribbons to match the colorings in the silks

NEW YORK PREPARES TO HONOR NAVY'S DEAD

By Associated Press

New York, May 9.—Final arrangements for the tribute to be paid to the navy's dead, victims of the fighting at Vera Cruz were completed tonight with the announcement of the official program. The city's public edifices which the procession will pass, have taken on a sombre appearance, with black draperies enfolding their columns and porticos and the preliminary naval movement in the ceremonial already is well under way.

Off Sandy Hook tonight the United States battleship Wyoming which left the navy-yard today, awaits the coming of the armored cruiser Montana with the bodies of the seventeen dead due to arrive at noon tomorrow, accompanied by the Mayflower, with Secretary Daniels aboard. The Montana, with the Wyoming as escort will move up the bay late Sunday. By eight o'clock Monday morning, the caskets containing the bodies will have been loaded on caissons in the plaza adjoining Battery Park. Battalions from the Wyoming and the Texas and from the naval militia of New York state will be drawn up ready to commence the march at nine o'clock

MEXICAN AUTHORITIES ARREST CORRESPONDENTS

By Associated Press

Vera Cruz, May 9.—Walter C. Whiffen, correspondent for the Associated Press, R. H. Sutton, photographer for the Washington Post, Oliver Heuffer, correspondent for the London Express and an English correspondent, Yourke were arrested at Mexico City Thursday evening. They had just arrived from Vera Cruz and the police were waiting with coaches when the train drew into the station. All were taken to jail under guard and Sutton and Whiffen are held for investigation. The two Englishmen were released and the officers who arrested them were reprimanded. Whiffen carried only a hand bag which contained a copy of the Mexican Herald The official who searched the bag remarked, "That kind of English does not go here." Sutton carried a camera which was confiscated. He showed correspondents' credentials from Rear Admiral Badger but this had no effect. Heuffer went to the Brazilian minister who notified the British minister, Sir Lionel Carden and also called on the police to release the Americans.

The police replied that some action would be taken as soon as the chief of police had investigated the merits of the case. Rourke the other Englishman, returned here while Heuffer remained in the city.

Read what other towns say about the show:

Everybody is in love with Murphy's show. It is about the only proposition ever presented in Sulphur Springs upon which one and all agreed It is in the mind and soul. Man and woman love to be entertained and reach the heights of serenity—Evening News, Sulphur Springs.

Murphy's Comedians

When "Red" Wilson, after the third act of Saturday night's performance, announced that Murphy's comedians would remain in Sherman another week the hand clapping, whistling, shouting and hurrahs were deafening. To know that every man, woman and kid in the big audience greeted the news with genuine delight must indeed be gratifying to Mr. Murphy—Sherman Democrat.

Another Tremendous Crowd

Murphy's Comedians played to another extremely large audience last night, and the play was positively up to the high standard of all the Murphy plays. The second week's engagement has started off with a boom and the chances are favorable for a record week—which is to say that all of Sherman and a portion of Denison will be at the show every night.—Sherman Democrat

An Instantaneous Hit

Murphy's comedians certainly more than made good last night and the verdict of the big audience was "the best ever" In spite of the fact that Murphy's show was recommended by many Shreveport citizens who saw the show in other cities, the more than one thousand paid admissions entered the tent with a "You've got to show me" air. They didn't have to wait long. The excellent orchestral rendition of Buralosi's descriptive overture, "A Hunting Scene," which brought the listeners to their feet with a whirlwind finish. When the curtain went up on the play, and for exactly two hours the audience was treated to about the best article of show that report has had in many a day.—Shreveport (La.) Evening Journal

Principals In Wedding At Baptist Church Last Wednesday At Noon

Mr. and Mrs. Ben M. Bell.

An affair of more than usual interest that has been looked forward to for some time by Wichita Falls society and the society event of the season took place Wednesday at high noon at First Baptist Church when Miss Mabelle Jackson became the bride of Ben Mosley Bell, Dr J L. McKee performing the impressive ceremony The church was beautifully decorated with a profusion of blossoms, ferns and potted plants, the altar being a bank of green, The front pews reserved for the family of the contracting parties were marked with ropes of smilax and airy loops and bows of bridal tulle Miss Ona Bell at the piano played as a preliminary "Romantique" by Chaminade Mrs W S. Robertson following with "Beloved" Charles J Templeton then rendered "Humoreske" on the violin, followed by Ivan Murchison with a solo, "Because' The bridal party entered to the notes of the Lohengrin bridal chorus, sung by Mrs Robertson and Mr Murchison with violin obligato by Mr Templeton.

The matron of honor, Mrs Harry Jackson, of Waco, aunt of the bride and the maid of honor Miss Bernice Jackson, younger sister of the bride entered first coming down opposite aisles to the altar Mrs Jackson wore an imported crepe robe, French embroidered in pink and a white lace hat with blue plume trimmings and pink roses and carried a sheaf of pansies The maid of honor was gowned in white embroidered crepe with wide white satin girdle and carried pink bridesmaids roses. Her hat was a garden shape picture hat trimmed with pink roses and long ribbon streamers.

They were followed by Miss Genevieve Carver and Burton Stayton Miss Bertha Mae Kemp and Jerome Stone, the bridesmaids and groomsmen. Miss Carver wore an embroidered net with sash of pale blue, a Leghorn garden hat trimmed with roses and daisies with long blue streamers, while Miss Kemp was gowned in an embroidered crepe, with pink satin girdle with a large butterfly bow. Her hat was of Leghorn also in garden shape, trimmed with roses and daisies and with streamers of pink Both maids carried arm bouquets of white carnations The maids and matron wore silver slipper buckles, the bride's gifts Immediately following the maids and groomsmen the bride and groom came down the aisle together, the girlish bride being attired in a King's blue silk faille traveling suit, with all accessories in harmonizing shades, the costume setting off her fair beauty to the very best possible advantage. She carried a bride's shower bouquet of Bride roses Throughout the ceremony was played softly Mendelssohn's Spring Song, quickening at the close to Mendelssohn's Recessional As the bridal party was leaving the church, Mrs Walter Robertson sang Gounod's beautiful and appropriate "Entreat Me Not To Leave Thee"

The bride is the oldest daughter of Mr. and Mrs J L. Jackson, one of the most prominent and influential families of the city. She has resided here since childhood, is a graduate of the Academy of Mary Immaculate and attended a select finishing school in Washington, D C. The groom is a rising young business man of this city where he has lived for a space of several years, coming here from Mississippi Both young people are very popular among the younger society circles and have numberless friends who rejoice with them in their new happiness Mr and Mrs Bell left immediately after the ceremony for a short honeymoon to be spent in visiting Dallas, San Antonio and other points of interest in this state.

PHILATHEA CLASS OF BAPTIST CHURCH SHOWER BRIDE-TO-BE

One of the most charming affairs honoring Miss Mabelle Jackson was that given Monday afternoon by the Philathea Class of the First Baptist Sunday school of which the bride-to-be is a member. This was a kitchen shower given at the home of Dr. and Mrs. R. C. Smith. The home was beautifully decorated with carnations, roses and ferns. The guests assembled at 5 o'clock Just after Miss Jackson arrived a most excellent musical program was carried out, consisting of piano solos by Misses Theresa Smith, Lucy Huggins and Cecelia Stayton Vocal solos by Mrs. W S. Robertson, Miss Kathrine Cook and little Miss Lucile Smith. After this program was completed, Mrs. W. S. Robertson began playing the wedding march. Miss Jackson blindfolded and carrying a shower bouquet consisting of potato masher, dish mop, soap shaker, tea and tablespoons, knives, forks, etc., was conducted to a seat by a table which was piled high with dainty packages done up in white tissue paper and tied with delicate pink ribbon The bride-to-be was now allowed to behold what was before her and as she untied each article giving the name of the one presenting it much merriment prevailed. Most of the utensils were in the white enameled ware but many lovely pieces of aluminum were among them. After a social hour had been spent delicious cake and brick cream in pink and white was served by the class. Those present were: Misses Stone, Taylor Theresa and Emma Smith, Blanche Lawler, Maricle, Powell, Renfro, Stayton, Freear, Huggins, Vera Taylor, Bernice Jackson, Cook, Brown, Mesdames Fligo, Cook, Wood, Lory, Robertson, Ferguson, Brooks, Barnard, Smyre, Farris, W. L Robertson, R C. Smith, Jackson and Miss Mabelle Jackson.

M. E. SOUTH MISSIONARY MEETING MONDAY AFTERNOON

The Missionary Society of the M E Church, South, met Monday afternoon in business session. Among other business it was decided to hold a picnic at the lake instead of the all day meeting on the next regular day set for the all day meeting.

MRS. WHITE HOSTESS TO CENTRAL PRESBYTERIAN AID

The Ladies Aid of the Central Presbyterian Church met Monday afternoon with Mrs. C. C. White. A foreign mission program was carried out The lesson was taken from "The Misisonary Survey" and was led by Mrs J. F. Reed. A social hour followed the discussion of the lesson and the hostess served ice cream and cake to the following Mesdames Oldham, Reed, McFadden, White, Kerr and Mrs. Hodges, the guest of the afternoon.

WESTMINISTER GUILD HOLDS GOOD MEETING MONDAY.

The Westminister Guild met Monday afternoon at the First Presbyterian Church An interesting lesson was studied, "Paul" being the subject with Mrs. McKee as leader and a good attendance was enjoyed. All members of the Guild and young ladies of the church are urged to attend these meetings, the chosen study course is proving very interesting and helpful and in order that none of the course be missed it is advisable to commence attending the meeting at once

C. W. B. M. HOLDS REGULAR MONTHLY MEETING MONDAY

The Christian Womans Board of Missions held their regular monthly meeting Monday afternoon at the First Christian Church. The regular missionary program was carried out, with Miss Cora Coons as leader. In a business session it was decided to institute a mothers rest room where mothers can leave their children and they will be taken care of during the evening services This rest room will be kept up throughout the Scoville meeting.

WOMANS ALLIANCE HOLDS MISSIONARY MEETING

The Baptist Womans Alliance held their regular monthly missionary meeting Monday afternoon at the First Baptist Church. "The Louisiana Purchase" was the topic for the afternoon and Mrs. C. J. Barnard was leader. A number of talks were made on the subject and papers were read by various of the members. The Alliance will meet in divisions on next Monday, the meeting places to be announced later.

MRS. BOGER HOSTESS TO MISS DELPHINE WYATT.

Saturday evening Mrs. T. R. Boger entertained a number of young people in honor of Miss Delphine Wyatt of Dallas, who formerly resided here. As this was the first time in two years that Miss Wyatt had visited here the affair was very delightful to both the honoree and guests, offering opportunities of renewing former friendships. The reception rooms were decorated for the occasion with an abundance of ferns and potted plants. The dining room decorations were especially attractive, a color scheme of yellow, white and green having been observed The evening was spent in a most delightfully informal manner with games and dancing, the hostess being assisted in entertaining by Miss Ethel Bean and Mrs. Gohlke. at a late hour delicious refreshments were served, consisting of ice cream, cake and candies to the following guests, the honoree, Miss Wyatt and Misses Rose Johnson, Ellen Adele Robertson, Dorothy Toney, Ruth Simpson, Louise Leicham, Lelia Bell Anderson, Gertrude Davidson, Margaret Noble, Adele Addickes, Lorna Shaw, Mattie Ruth Corlett, Mary Lou Thomas, Margaret Burnside, Anita Monroe, Louise Montgomery and Mack and Lewis McGinley, Fred Warner, Crim Zehndar, Admiral Skinner, Lewis Coleburne, Ernest Closuit, Everett Whatley, J. MISS BARWISE HOSTESS TO THE JUST SO CLUB

Miss Nina Barwise was hostess to a delightful meeting of the Just So Club Saturday afternoon. The usual pleasantly informally time was enjoyed by the members, fane ywork and conversation being enjoyed. Late in the afternoon the hostess served delicious ice cream, cake and wafers.

MISS SAMMONS COMPLIMENTS BRIDE-TO-BE SATURDAY

Of all the numerous showers and other affairs honoring Miss Mabelle Jackson none have been more charmingly arranged or more thoroughly delightful than the one o'clock luncheon given Saturday with Miss Florence Sammons as hostess. A Japanese motif had ben chosen and this idea was featured in the appointments of the lunch table. The center decorations, the luncheon cloth and place cards were in the Japanese scheme, the dishes in Japanese ware and the entire table resembled a bit of the Flowery Kingdom. A delightful menu wa sserved in five courses and the guests spent the remainder of the afternoon in a pleasant manner with music and conversation. The guests included the honoree bride-to-be, Miss Jackson, Misses Ona Bell, Genevieve Carver, Temple Thompson, Emma Smith, Theresa Smith, Alice Burnsde, Helen Eldred, Bess Kell and Bertha Mae Kemp.

D. A. R. ELECTS OFFICERS FOR THE COMING YEAR.

The election of officers for the following year engrossed the attention of the local chapter of the Daughters of the American Revolution at the meeting Saturday afternoon with Mrs Wiley Blair. Mrs R. P. Watts was elected regent; Mrs. Blair, vice regent; Mrs. Herblim, recording secretary; Mrs. Whitney, corresponding secretary; Mrs. Beavers, treasurer; Mrs. Ferguson, historian; Miss Jackson, registrar and Mrs. Burnside, chaplain.

Roll call was answered with Revolutionary heroes and the lesson was a summing up of the peace negotiations and the final treaty Mrs George Harrington was leader for the afternoon, giving the summarized events in a clear and concise manner and Mrs Herblim read "Washington's Farewell Address to the Army" The Chapter enjoyed having as a guest a visiting Daughter, Mrs Keith of Stamford. At the conclusion of the program a refreshing ice course was served.

MISSIONARY MEETING OF GUILD OF GOOD SHEPHERD.

The first of a series of delightful missionary programs, followed by a social hour, which the Guild of the Good Shepherd purposes to hold every third Monday in the month, was held Monday afternoon at the rectory. Roll call was answered with questions and answers on the articles of belief and interesting papers on missionary topics were read by Mesdames Warner, Cravens and Milburn followed by an unusually excellent paper by Rev. Datson on the Communion, explaining the vestments and symbols used in that service. Miss Florence Sammons gave two instrumental numbers that were exceptionally enjoyable. At the conclusion of the program a social hour was enjoyed, a feature of this being an informal tea. The tea table was prettily decorated with roses and pansies and Mrs. Sammons presided at the tea service Delicious sandwiches to accompany the tea were served by Mrs. Inge, Mrs Gates and Misses Eldred and Sammons. The following members were present' Mesdames Shaw, Johnston, Gates, Fontaine, Perkins, Childers, Inge, Datson, Short, Blair, Cravens, McCullough, Milburn, Warner, Whitney, Kennedy, Adams, Sammons, Donaldson, Misses Chamberlain, Cobb, Sammons, Eldred and Rev Datson.

PRESBYTERIAN LADIES AID HOLD BUSINESS SESSION

Monday afternoon the Ladies Aid of the First Presbyterian Church held the usual business session in the church parlors The afternoon was devoted to business discussions, a market being planned by section A of the Aid. A dollar social was planned to be given next Monday at the home of Mrs. J. A. Richolt. The following committee was appointed to make all arrangements and prepare a program' Mesdames Boyd, Straus, Webb, Walsh, Urban, Greenlease, Robertson and J A. Anderson.

MISS STRINGER HOSTESS TO THE B. O. P. TUESDAY

Miss Icie Stringer entertained the B. O. P.'s most delightfully Tuesday afternoon. The usual diversions were enjoyed, sewing and conversation, with Victrola music, sandwiched in between. FIFTEEN . . Dollars will buy a good Suit,
So why do you want to pay more?
You can get it well-made and all wool to boot
If you have it made at our store.

DOLLAR . . "Bills" are not found flying 'round on the street;
Every one that you save you have made.
When you see how well Competition we meet
You will know we appreciate trade.

DRIGGARS Never gets drunk, though you think that he would
When you read at the left of this ad.
We whisper you this, which we want understood,
His morals are not at all BAD.

GETS . . . . The Biz! Well, you'd think! If you see what we sell,
We are busy from morning 'till night,
In taking your measure we try to EXCEL
So your suit will look nice and fit right.

FULL . . . . . Value we give—when you try us you'll see
That we're not saying this as a BLUFF.
Like the rest of our customers you're sure to agree
That we're selling the right kind of STUFF.

EVERY . . . Suit that we sell at the price of "FIFTEEN"
Is worth almost twice that amount.
The quality's there and can plainly be seen,
But the PRICE is the thing that will count.

SATURDAY Night is a very good time to come down
And see the swell patterns we're showing;
We'll explain it to you fully why "we sell all the town;"
You'll find it a secret worth knowing.

Purer, brighter, better than the Vestal fire,
Burns on forever the lamp of mother's love,
When suns and stars and other lights expire,
And darkness veils the vaulted arch above!
Through sleepless nights and anxious, busy days,
She finds her higher joy and sweet content,
Nor asks of any one a word of praise,
Gladly spending and being spent.

EUREKA! GOLD IS FOUND HERE

ORE ASSAYING $10 000 TO THE TON FOUND WEST OF BURKBURNETT

DISCOVERED AT 2200 FEET

Formation Found in "Big Lime" While Drilling for Oil—Discovery Does Not Excite

Not oil but gold and silver ore was found at a depth of 2200 feet recently by drillers on the Lilly Schulz farm west of Burkburnett. The ore has been submitted to competent geologists, who declare it to be rich in both the precious metals named.

While the find is interesting, it is of probably no commercial value as the cost of mining at that depth would be prohibitive and the results uncertain.

The well in question was No. 2 by Andy Urban on the Lilly Schulz and was drilled to a depth of 2000 feet when the big lime, as the oil men call the thick lim stone stratum was reached. The drill penetrated the rock which was about 20 feet thick in the middle of it, a formation of peculiar appearance was reached and specimens bore tiny particles of what appeared to be gold and silver. Mr. Urban sent the rock to a geologist and received the reply that the silver ore in the rock would pan out about $10 000 to the ton, which is an average perentage for silver ore, no figures were given as to the value of the gold ore.

This is the first time any such ore has been found in this section, and were the discovery to be made at a depth where mining was practicable, gold and silver might well be added to the mineral wealth of Wichita county.

To mine the metal it would be necessary to sink a shaft large enough to admit a man's body to a depth of 2200 feet, it costs over $10,000 to sink an eight inch hole to that depth and the additional cost of a hole large enough to accommodate a man's body would be several times as great. The difficulty that would be encountered in shutting the water off from such a hole would also be great and much as Mr. Urban would like to turn gold miner, he does not consider it possible.

The extent of the stratum is of course very uncertain and it may be there is only a small pocket of the ore bearing rock. Other wells in that vicinity show no such formation, although the nearest well, No. 2 Ella Schulz is 1400 feet distant.

The find has attracted much attention from local oil men and some of them favor bringing an expert geologist here to make tests and observations with a view to determining if it is possible to commercialize the discovery. Although this does not seem possible the discovery of other ore strata, perhaps nearer the surface might result. It has long been believed that gold is to be found in the Wichita mountains across Red River in Oklahoma and considerable money has been spent there in an effort to locate but without results.

Silver ore, brought from close to the surface, can be profitably mined if it runs as high as $100 to the ton and that found in the Schulz well is 100 times as rich.

CONVICT RESCUES DROWNING BOY

PLUNGES INTO DENVER TANK AND DRAGS LAD ASHORE IN NICK O' TIME

GIVEN FREEDOM AS REWARD

Just Like it Happens in Movies Convict Risks Life to Save Another's

Plunging into the waters of Denver Lake southeast of the city Jack Pryor a county convict, yesterday morning rescued Joe Perdue of 707 Sixth street from drowning. Pryor was working on the county road near the scene and ran to the boys aid when the latter's playmates began calling for help.

County Commissioner Jackson gave Pryor his liberty as a reward for his bravery and presence of mind.

Perdue who is fifteen years old had been seining with a party of other boys and had gotten beyond his depth. He was able to swim but gave out and was in real danger when rescued. The other boys began crying for help and the road gang heard them. Pryor waded through the mud to the scene plunged into the deep water and hauled the boy out by the hair. The youth was nearly dead when he reached shore and first aid measures were adopted to empty his system of the water he had swallowed. Later he was taken home by Mr. Jackson.

Pryor's action undoubtedly saved the boy as he would have been beyond aid within a few minutes. Pryor was serving a sixty days sentence for carrying a revolver and had about ten days still to serve.

SAM H. BALLARD ENDS OWN LIFE WITH ACID

Oil Operator Despondent Over Financial Difficulties Found Dead in Hotel Room

Sam H. Ballard of Iowa Park aged forty seven, ended his life early Saturday morning in his room in the Marion Hotel, drinking an ounce and a half of carbolic acid. Letters found upon his person indicated that financial troubles were the cause of the act. His wife, residing at Iowa Park survives him. Relatives were due on this morning's trains to take charge of the body.

Ballard had been morose and despondent for several days, according to his associates but none of them had any idea that he contemplated self destruction. Retiring Friday night he left a call for five o'clock in the morning. The negro porter went to call him at that hour, but was unable to rouse him by knocking he entered the room and found Ballard dead. The partially emptied bottle of acid was found in the room.

Two letters were found in the room one to his wife the other to the coroner. The letter to Mrs. Ballard while its contents were not made public explained that financial trouble caused his act. The letter to the coroner requested that the body be buried in the clothing found in the room. Justice Howard held an inquest yesterday finding that Ballard came to his death by poison self administered.

Ballard had resided at Iowa Park off and on a year, coming there from Southern Oklahoma. He was a lease oil operator and had been interested in some of the shallow development work in the Iowa Park district.

TO MOTHER.

(By Dr. J. W. Hill)

Purer, brighter, better than the Vestal fire,
Burns on forever the lamp of mother love,
When suns and stars and other lights expire,
And darkness veils the vaulted arch above,
Through sleepless nights and anxious busy days,
She finds her highest joy and sweet content,
Nor asks of any one a word of praise,
Gladly spending and being spent.
Not decked in queenly robes, yet she's a queen,
Crowned by the pierced hands of the king of kings,
Who seeing all, Himself remains unseen,
But knows and marks the sad vicissitude of things
And when he comes at last to deck his crown,
With gems of earth of "purest ray serene"
Before him when all kingdoms shall fall down
Beside him, radiant, mother will be seen.

MORAN SAILS TO MEET JOHNSON

IRISHMAN WILL FIGHT BIG DINGE IN FRANCE FOR TITLE JUNE 27TH

JOHNSON IS NOW TRAINING

Black Champion Selects Suburb of Paris for Training Quarters, and Begins Work

By Associated Press

New York May The sailing of Frank Moran for France marks the passing of the preliminary stage in the arrangements for the heavyweight titular bout to be fought in Paris on June 27 Jack Johnson has decided on the change which has virtually begun a regular pattern of training and Moran will follow suit as soon as he arrives upon the scene of the contest

While his plans are not definitively outlined at present they are subject to conditions that Moran will have to consider upon his arrival in Paris Johnson has settled upon a two months schedule of conditioning which he declares will fit him for a successful defense of the title won at Reno on July 4 1910

Johnson has selected Asnieres a suburb of Paris as the site of his training camp and began his conditioning there early this week Judging from the reports from Paris the title holder has entered upon a course of preparation which indicates his belief that the coming contest with Moran is not to be considered lightly Despite the fact that he is within twenty pounds of the weight at which he entered the ring against Jeffries he has selected two months for the meeting with Moran Apparently Johnson expects a lengthy bout in which there will be ample time to work for a decision

Besides his selection of Asnieres as training camp the fact that the surrounding roads are ideal for runs and long walks He has intimated that this department of his training will be one to which he will devote much attention

The other details are not to be overlooked however for Johnson has arranged to surround himself with competent staff of trainers boxers and wrestlers which will include several of those who have aided him in preparing for past campaigns Charles Resposes has been named as trainer and it is understood that overtures have been made to a well known American trainer to journey to France to assist in the work Resposes has trained Johnson for several of his bouts in France and other parts of continental Europe will select those French pugilists and wrestlers who will be members of the training corps Johnson will choose such American trainers and boxers as he may decide will be of help to him during the training period

According to Johnson who has just closed a series of boxing exhibitions at Brussels his arm which was fractured during a bout with Jim Jeffries is as strong as before the accident He states that there is no pain when he delivers an opponent a blow and that he believes the recovery so complete that there is no danger of a handicap in the action In other respects Johnson contends that he will be as physically fit for Moran as he was for Jeffries making allowance for the four years which have elapsed since the contest on the sage plains of Nevada

Whatever the outcome of the bout it is evident this early that the French are preparing to greet the principals with the usual French enthusiasm Those in charge of the arrangements are in receipt of daily requests for seat reservations and several of the more desirable sections of the Velodrome deHiver are already sold although the coupons have not been received from the printers

MAKES RHEUMATISM PROMPTLY DISAPPEAR

Chronic, Crippled-up Sufferers Find Relief After Few Doses of New Remedy are Taken

It is needless to suffer any longer with rheumatism, and be all crippled up, and bent out of shape with its heart-wrenching pains, when you can surely avoid it

Rheumatism comes from weak, inactive kidneys, that fail to filter from the blood the poisonous waste matter and uric acid, and it is useless to rub on liniments or take ordinary remedies to relieve the pain This only prolongs the misery and can't possibly cure you

The only way to cure rheumatism is to remove the cause The new discovery, Croxone does this because it neutralizes and dissolves all the poisonous substances and uric acid that lodge in the joints and muscles, to stretch and irritate and cause rheumatism, and cleans out and strengthens the stopped up, inactive kidneys, so they can filter all the poisons from the blood and drive it on and out of the system

Croxone is the most wonderful medicine ever made for curing chronic rheumatism kidney troubles, and bladder disorders You will find it different from all other remedies. There is nothing else on earth like it It matters not how old you are, or how long you have suffered it is practically impossible to take it into the human system without results. You will find relief from the first few doses, and you will be surprised how quickly all your misery and suffering will end

An original package of Croxone costs but a trifle at any first-class drug store. All druggists are authorized to sell it on a positive money-back guarantee. Three doses a day for a few days is often all that is ever needed to cure the worst backache or overcome urinary disorders.

AUTOMOBILE TOURISTS HERE THIS AFTERNOON

Wichitans Will Meet Party at County Line and Escort it to City—Leaves Monday

The Colorado automobile tourists who are to make the Texas Palisades tour of Texas and the Southwest will reach Wichita Falls late this evening according to telegraphic advices received here yesterday They will remain here two days before finding their original route

The telegram requested that no entertainment be provided for the men today and this wish will be observed A number of Wichitans are planning to meet the party at the county line and escort them into the city Tomorrow morning the visitors will be taken to Fort Worth by leaving the city by Fort Worth at 10 o'clock

About thirty cars composed of Colorado Springs Denver Montana and other summer resorts are in the party

Wichita Falls automobiles will leave to meet the Colorado tourists from the Elks Club at 1 o'clock this afternoon D P Bailey who has charge of the arrangements asks that every automobile owner who can do so make the trip It is planned to meet the tourist party at the Wichita Wilbarger county line and pilot them to Wichita Falls by way of the oil field It is hoped to have 100 automobiles go out to meet the party

EQUALIZATION BOARDS CONVENE THIS WEEK

Both the city and county boards of equalization will begin their work this week completing today's work for the current year's taxes The city board will probably start work Monday morning Tuesday and the county commissioners will start to work on the county problem late in the week possibly not until next week

Indications point to a substantial increase in the city where the values are expected to pass the eight million mark a gain of about a million and a quarter The county gain will also be considerable but not so large in proportion as that of the city

I D Browder For Justice of Peace

I D Browder announces in today's Times for the office of justice of the peace precinct No 1 place No 2 Wichita county subject to the democratic primary in July 1914 Mr Browder has been contemplating making this announcement for some time and by the solicitation of his friends he has decided to make the race

Native Texan His father was a pioneer settler of Dallas county Mr Browder was reared and educated there He followed farming in his early life He was deputy tax collector under John Watt in Dallas county in 1896 and 1897 and resigned this position and moved to Gordon Eastland county where he engaged in the lumber and furniture business for a number of years He is well qualified to fill the position of justice of the peace having served the people of Eastland county in that capacity and as notary public and town alderman for a number of years which position he resigned to come to Wichita Falls five years ago and accepted a position as yard manager for the Affleck Lumber Co He served in this capacity for nearly two years then accepted a position with the Green Brin Furniture Company and remained with Mr Brinar until recently His walk and dealings have been such as to make him worthy of the position he aspires and he promises a faithful challenge to the other if the people of precinct No 1 will give him the nomination in the July primary

The Rohatch Mineral Water

WHEN you buy a Lawn Mower you should buy a good one. A cheap, light mower will not cut our grass this year. The I. X. L. Lawn Mower which is being sold by Wichita Hardware Co., is built very strong; it has very large wheels, which adds power and enables you to cut very tall grass; the revolving knives are ball bearing, which makes it light draft; the blades are made of the finest steel; all parts adjustable that the wear from long usage can be taken up. The price of the I. X. L. Lawn Mower is no more than other so-called high-grade mowers, and a full line of them can be had at our store.

FLORAL HEIGHTS

The most beautiful residence section of Wichita Falls

It lies high, has every convenience and lots are priced very low. There are many magnificent homes and beautiful cottages galore. No part of the city can compare with the restricted district in beauty and elevation You can see ten miles in any direction and every street is lined with sheltering shade trees. Building restrictions are very reasonable.

This company has some choice lots left ranging in price from $150 00 to $450.00.

Unquestionably Floral Heights is the place to live.

DR. YANTIS SUES FOR $120,000

PHYSICIAN ASKS HEAVY DAMAGES FROM RAILWAY COMPANY FOR INJURIES

ACCIDENT LAST FEBRUARY

Claims Nervous System Wrecked and Permanent and Serious Injuries to Body and Brain

Dr. G. R. Yantis has filed suit against the Fort Worth & Denver Railway Company for $120,000 damages on account of personal injuries. Dr. Yantis has been helpless since his fall from the platform of the Electra oil train on the evening of February 6, 1914. He is being cared for here but it is planned to take him to New Orleans this week.

His complaint alleges that he stepped on a banana peeling or some other slick and slippery substance on the coach platform and in attempting to recover his balance his foot missed the step and he fell onto the hard brick platform causing contusion of the brain and the formation of a blood clot. Artificial respiration was necessary, his petition alleges, and for more than 54 hours he was unconscious.

As a result of his injuries it is declared that his bowels, bladder and other organs do not function properly and that he has suffered permanent and serious injuries to his brain, head and body and his entire nervous system is wrecked so that he is compelled to lie or recline at all times and when he is raised up it produces vertigo and his respiration is interfered with

Dr. Yantis is 38 years of age and has a reasonable life expectancy of 32 years. He was making $6,000 per annum up to the time of the injury, according to his petition. His attorneys are A. A. Hughes, Fitzgerald & Cox and T. R. Boone.

PERILS OF PAULINE

Wednesday the third of the "Pauline" pictures will be shown at the Empress.

In the third installment we see Owen bitterly disappointed at his failure to injure Pauline in the airship accident, which was one of the thrilling moments of the installment shown at the *Empress* two weeks ago Owen now plots further with Hicks, in whose power he is They decide that they must lure Pauline away from her home or from the influence of Harry Marvin, if they are to be successful with their plans. They finally locate an old sailor who agrees to tell Pauline a history of his life. They persuade Pauline to listen to this and the old sailor tells the most blood curdling stories of his life on a piratical treasure laden ship, on which he sailed as a boy The pirate leads Pauline to believe that the ship was wrecked, but that he escaped ashore with the treasure and buried it on an uninhabitated island Fearing to tell his rescuers of the treasure it has lain buried there all these years. Pauline "falls" for the story and agrees to fit out an expedition to help the old sailor recover the treasure Harry tries to persuade her not to take the trip, stating that he distrusts Owen Pauline, however, having perfect confidence in Owen, defends him, and the two lovers have a serious quarrel, which results in Pauline refusing to allow Harry to accompany her. Harry, however, is determined his sweetheart shall not come to harm, and disguising himself as an old man, he boards the liner right in the presence of the conspirators who do not recognize him. They notice his interest in Pauline, however and fearing that he may influence her against them, they decide to do away with him

Waiter Gone: So Is Money From Cash Register

Officers are looking for a young man employed as a waiter at the Union Station cafe who left suddenly late Friday evening with the contents of the cash register. While making change for a patron, the waiter suddenly seized the contents of the drawer, took a flying leap over the counter and was gone, wearing his apron and minus his hat and coat.

The day manager had been checked out only a few minutes before and the night manager had not yet appeared, so that the waiter was alone in the cafe at the time. He could easily have taken his hat and coat, helped himself to the money and walked out in a much less startling manner than he adopted. The money was believed to be about $25

Officers have not yet located the youth and he is thought to have left the city.

PEACOCK SUBSCRIPTIONS INCREASED TO $1025

Wichita Falls Has Contributed One Third of Total Amount Raised To Date

A total of $1025 was Wichita Falls' contribution for the cyclone sufferers at Peacock, Texas, about $220 being added to the amount subscribed Friday. Friday afternoon and Saturday morning A. L. Huey and J. S. Bridwell canvassed the business district, securing a number of additional subscriptions.

The exceptional worthiness of this cause and the dire need of the sufferers make additional subscriptions very acceptable and those who have not yet contributed still have an opportunity to do so. The subscriptions are received by the Chamber of Commerce any anyone who feels called upon to do so may notify that organization of the amount he can give. To date about $3000 has been raised in various parts of the State for the sufferers, Wichita Falls giving one-third of this amount. The subscriptions received, in addition to those noted in Friday's Times are:

AN OPEN LETTER TO WICHITA FALLS METHODISTS.

To the Methodist people at Wichita Falls: Dear Brethren and Sisters Do you know our motto has ever been "a league offensive and defensive with every soldier of Jesus Christ" Throughout all our glorious history, during which we have come to be the largest Protestant denomination in the United States, it has been our boast and joy that we have not only built up our own great connection, but have helped and blessed our sister churches and all other people as well The late Dean Stanley said in his address at the unveiling of the Wesleyan monuments in Westminister Abbey, that "when the Methodists went forth proclaiming the doctrine of assurance and salvation by faith to every man, they not only created a mighty denomination but sent a thrill of new life through all the veins and arteries of Universal Christendom." This witness is true. We have always held and do hold that every man who is a Christian is as good as every other man who is a Christian, without any regard to his denominational affiliations. We have always felt free, therefore, to invite other Christian people to help us in our meetings and we have always desired to do all we could in meetings held by other Christian people. We never invite members of other denominations to help us in a meeting and then at the close of it insult them by telling them, that they are not as good as we are and that they ought to leave their church and come and join us In other words, we are not proselyters and sheep-stealers. We are trying to do our part as a branch of the holy Catholic church, in furthering the cause of Christ and bringing in the Universal Kingdom of God.

Now it is well known that Bro. Walters and his people have already begun a meeting and he has said in the papers that the object of that meeting is the conversion of sinners and the building up of Christian people; and has declared that it is his purpose, when people are converted, to insist upon their joining the church of their choice.

Nothing could be fairer than this It is that broad, brotherly proposition that Methodist people have always made to the members of sister churches, and I write this "open letter" to every Methodist in Wichita Falls, in order that each and every one may not only be benefitted by the meeting, but may do everything possible to bring the unconverted to Christ. In order to do this, there must be much self examination, earnest prayer and faithful witnessing to the power of Christ to save The Scriptures tell us that "no man can say that Jesus is the Christ, except by the Holy Ghost." and the Spirit of God cannot have the right of way in the heart of any man unless that man puts away his sins, makes restitution and gets right with his fellowman. The Scriptures say: "If a man regard iniquity in his heart, the Lord will not hear him" In order to get right with God, to use a modern expression, we "must come clean." It is easy enough for a man to say he believes so and so and to join the church and be baptized by any mode he prefers—a thief could do all that; but to be truly the Lord's is to turn the back absolutely upon the world, and to "know for himself, and not for another, that he has passed from death to life."

Now, brethren and sisters, let us do all we can in this meeting and let us pray that many souls may be added to the Lord who are now in darkness and that we all may be more consecrated Christians when the meeting shall have come to a close. J. W. HILL.

HOW TO SAVE YOUR EYES
Try This Free Prescription.

Do your eyes give you trouble? Do you already wear eyeglasses or spectacles? Thousands of people wear these "windows", who might easily dispense with them. You may be one of these, and it is your duty to save your eyes before it is too late. The eyes are neglected more than any other organ of the entire body. After you finish your day's work you sit down and rest your muscles, but how about your eyes? Do you rest them? You know you do not. You read or do something else that keeps your eyes busy; you work your eyes until you go to bed. That is why so many have strained eyes and finally other eye troubles that threaten partial or total blindness. Eyeglasses are merely crutches; they never cure. This free prescription which has benefited the eyes of so many may work equal wonders for you. Use it a short time. Would you like your eye troubles to disappear as if by magic Try this prescription: Go to the nearest wide-awake drug store and get a bottle of Optona tablets; fill a two ounce bottle with water; drop in one tablet and allow to thoroughly dissolve. With this liquid bathe the eyes two to four times daily. Just note how quickly your eyes clear up and how soon the inflammation will disappear. Don't be afraid to use it; it is absolutely harmless. Many who are now blind might have saved their eyes had they started to care for them in time. This is a simple treatment but marvelously effective in multitudes of cases. Now that you have been warned don't delay a day, but do what you can to save your eyes and you are likely to thank us as long as you live for publishing this prescription. (Advt)
